10th EDITION

A decade of building SDG linked ecosystems and pathways for collaborations

#RWS23

**Conferences, Unconferences, RISE
Breakthrough Interactions Collective Impact**

Join us at the **RISE World Summit (RWS)**, one of a kind co-created and co-located convening of thought leaders, experts and learners that influence action and outcomes for a #BetterWorld and a #GreenerPlanet. The best shared value that can be created!

"The RISE Summit is a shining example of People Power at its best!"

- **Philip Kotler, The Father of Modern Marketing**

"I'm pleased to be a part of such engaging, non-hierarchical, and multi-thematic conversations among professionals and kindred souls from 40 countries across 8 time zones."

- **Amitabh Kant- CEO: NITI Aayog**

"Thank you so much for welcoming me to the RISE World Summit 2021, a unique platform organized by our partner Idobro. My organization has enjoyed the privilege of working alongside Idobro for 8 years and looks forward to continuing to work side by side in the future."

- **Cherie Blair CBE QC- Founder: Cherie Blair Foundation**

"I do a lot of work in rural Maharashtra, and the network that I've developed through the RISE World Summit and the impact that it has had in the last 4-5 years to about 25-30 thousand farmers is just amazing."

- **Dev Bhattacharya- Business Head at Aditya Birla Group**

"I've already heard from those who participated from Babson Colleges' global network and they expressed that the roundtables and online events were some of the most engaging and diverse conversations they've been a part of regarding the UN global goals and their actions."

- **Cheryl Kiser- Executive Director, the Institute of Social Innovation, Babson College**

"I come back every year to see how the RISE World Summit progresses every year, not just in numbers but also in content, in diversity, and the whole expanse of activities and subjects that are covered."

- **Walter Vieira- Former chairman at International Council of Management Consulting Institutes**

"Thank you for this wonderful opportunity. A week ago we were just talking about getting together and I said to myself- let me attend one session as a roundtable and I'd be able to learn a little bit about RISE. But what happened was after the first roundtable I kept coming back to attend almost all roundtables and I found it so enriching."

- **Perry Lam- Vice Chair at Orion Astropreneur Space Academy**

"I'm really blown away. I have no words to express as to how to applaud all of you. I've been to so many summits and so many conferences and this is second to none. It really takes courage to really do something different like this, it takes a lot of passion to move people and it also takes stamina to keep up the energy."

- **Kruthiga Permar- Associate Director Corporate & Alumni Engagement- Asia School of Business**

Theme: Beyond Boundaries, Search UNITY, Find OpportUNITY

Theme: Innovation and Diversity - Time to change from D&I to I&D

9 Years

of Catalysing Conversations from around the globe in **20+ formats**

Responsible * Inclusive * Sustainable * Eco (system) Friendly

"I don't think we need any more breakthrough innovations.... It's the breakthrough interactions we need"

- Cheryl Kiser, Executive Director, the Institute of Social Innovation, Babson College

RISE World Summit is a paradigm shift in mindset and action for:

1. **Cross sectoral dialogue** - led by value-based leadership to explore the interlinkages between SDGs
2. **Capacity building** - by providing a space for voices and visibility of underserved actors and constituents
3. **Collaboration** - that will bridge silos and democratise opportunities and partnerships for all.

RWS has become a space for rejuvenation and reconnection A time to block calendars to sharpen the axe and revive the spirits !! The ever increasing scale of the summit over a decade is testimony to the same

WHAT: is the RWS? Well, it's a unique platform that is,

- **Unconventional.** No panels and no presentations! Just subject matter experts, and those who have a desire to become practitioners or specialists. And the spectrum in between.
- **Global.** Participants expected from 100 countries. For 4 days, truly no borders. With representation from all continents, sectors and stakeholders (Corporates, Government, NGOs, Academia and local communities) required to create change,
- **Meaningful.** Specifically designed to identify interventions and innovation that will work towards achieving the SDGs.
- **Engaging.** Interactive formats that make #EveryParticipantASpeaker at some point in our signature RISE Value Co-creation Round Tables, Partner Conclaves, Capacity Building Workshops, Innovation Showcases, Chat Tables, Earth Tours, Film Festival, Resource Rooms, Conclaves, 1:1 meeting opportunities, Fireside Chats, Awards, Cultural sessions, Polls, Surveys and is ...
- **Much more.** The engagement continues post the Summit, year round through our sectoral and regional forums, GOTO meetings and alliances that go beyond networking to create impact on the ground After all, for a #BetterWorld and a #GreenerPlanet, It Takes Action and Collaboration!

We look forward to meeting you at #RWS23

RISE World Summit (RWS) 2023

RWS is our flagship annual conference of the **RISE PECOworld community** and we are into our 10th year of our efforts to catalyse the development sector.

We now look forward to building on the momentum and further outcomes at RISE World Summit 2023 based on the theme. **Purpose, Profit and Peace.**
